EXPLANATIONS

The following records of births, marriages and deaths include all entries to be found in the books of record kept by the town clerks; in the church records; in the cemetery inscriptions; and in private records found in family Bibles, etc. These records are printed in a condensed form in which every essential particular has been preserved. All duplication of the town clerks' record has been eliminated, but differences in entry and other explanatory matter appear in brackets. Parentheses are used when they occur in the original record; also to indicate the maiden name of a married woman.

When places other than Stoneham and Massachusetts are named in the original records, they are given in the printed copy. Marriages and intentions of marriage are printed under the names of both parties. Double dating is used in the months of January, February and March, prior to 1752, whenever it appears in the original and also whenever from the sequence of entry in the original the date may be easily determined. In all records the original spelling of names is followed and in the alphabetical arrangement the various forms should be examined, as items about the same family may be found under different spellings.

STONEHAM

The northerly part of Charlestown, including all the lands lying on the east side of Woburn, the south side of Reading, the west side of Malden, and the north side of the fifth range of the first division of Charlestown woodlots were set off Dec. 17, 1725, and constituted a separate township, by the name of Stoneham.

Dec. 21, 1734, parts of Malden and of Reading annexed to Stoneham.

April 5, 1751, bounds between Stoneham and Reading were established.

March 15, 1853, part of Stoneham was annexed to Melrose.
